PRINCIPLE CENTERED POLICING – PRACTICING THE ART OF REFLECTIVE LEADERSHIP

Guest speaker: Steve Duncanson, *former New York Police Officer and highly respected motivational speaker.*

Stephen P. Duncanson ("Steve") has been actively involved in the process of positively impacting the hearts and minds of people for more than 20 years. From an early age, he recognized his unique ability to communicate a message and create a picture that would cause people to challenge their present state of being. He believes that *"if you can help people see themselves beyond where they presently are, to where they ultimately want to be, you will be successful in helping them shape their very destiny"*.

Steve's background and strong personal values taught him early in his journey that everything and everyone in life has a purpose. His pursuit of that purpose led him to become a member of the **New York City Police Department**, after majoring Police Science at Manhattan's John Jay College of Criminal Justice. Steve retired as a highly decorated member of the N.Y.P.D. at the rank of **Sergeant** in the late 90's and was recruited to work as **Chief of Staff for Outbound Operations**, a major nonprofit organization. This position afforded him the opportunity to travel and speak to audiences throughout the United States, Africa, Europe, Australia and Singapore.
